Skills

I am a hardworking, friendly and intelligent student with excellent customer service skills. I am most fluent in java but open to learning any programming language. I also have experience in PostgreSQL.

Experience

Eoin Burke Heating And Plumbing / Assistant Plumber

December 2014 - Present, Wicklow

I work with my father during holidays and weekends, typical duties included customer interfacing, general labouring and boiler maintenance.

Baltinglass Community Cafe / Waitress

June 2018 - August 2018, Baltinglass, Wicklow

I worked voluntarily in a community cafe. My duties included taking customers' orders, serving food, cleaning tables, preparing beverages, sandwiches and desserts.

SuperValu Hacketstown / Cashier

April 2020 - Present, Hacketstown, Carlow

I currently work in my local SuperValu as a cashier. I am trusted with money. I provide customer service both directly and over the phone.

Education

NUI Maynooth/ General Science

September 2019 - May 2023, Maynooth, Kildare

I am in my second year of my science degree, as part of which I study computer science, statistics and mathematics. I will graduate in 2023.

FCJ Bunclody / Secondary School

September 2014 - June 2019, Bunclody, Wexford

I received H3 grades in leaving certificate mathematics and chemistry and H4 grades in English, French and Art.

Projects

Connect Four

Most recently for one of my CS modules I wrote a program that simulates the classic game connect four. It was a one player game where the user plays against the computer.

Song Lyric Changer

In my spare time as a personal project I wrote an object oriented search and replace algorithm to change the lyrics of any song that it is given as input.
